SECTION 4: FIRST AID MEASURES

General advice: Remove contaminated, soaked clothing immediately and dispose of safely.

4.1. Description of First Aid Measures

General Advice: Show this safety data sheet to the doctor in attendance

Eye contact: Immediately irrigate with clean water, holding the eyelids apart, for at least 15 minutes. Obtain immediate medical attention.

Skin contact: Take off immediately all contaminated clothing. Wash skin immediately with water, followed by soap and water. Such action is essential to minimise contact with skin. Contaminated clothing should be laundered before re-issue. When symptoms persist or in all cases of doubt seek medical advice.

Inhalation: Remove patient from exposure, keep warm and at rest. Obtain medical attention as a precaution.

Ingestion: If swallowed wash out mouth with water, seek medical advice immediately and show the container, label or this Data Sheet, if possible. Do not induce vomiting.
